

Be

**Dementia
Friendly**

At Work

More than 14,000 Ventura County residents are living with Alzheimer's or another disease causing dementia. The annual number of Alzheimer's cases and other dementias is projected to triple by 2050.

Your involvement will help your organization heighten its awareness of dementia and be equipped to respond warmly and effectively when serving people living with dementia and their families.

Join the Dementia Friendly movement in Ventura County by becoming a Dementia Friendly Business today!

Being a Dementia Friendly Business means that your business will:

- Agree to attend one dementia training per year and/or host one training per year
- Encourage all staff to become a Dementia Friend
- Strive to provide a Dementia Friendly space
- Proudly display your Dementia Friendly decal (below)
