Suz Montgomery, an activist and fixture in the Ventura community for decades, died Tuesday morning of complications from cancer, her husband John Hankins said. She was 73.

Known equally for her biting wit and compassionate care, Montgomery built a wide social network since moving to Ventura in 1985, befriending everyone from the most powerful government officials to the average person.

"She could talk to anybody, high to low," Hankins said. "She could swear with the best of them and be as polite as pie when she needed to be."

Montgomery was perhaps best known for her work with senior citizens. She advocated for senior services at government meetings, volunteered for several senior organizations and worked as an adult educator with the Ventura Unified School District.

"She had a veneration for elders and seniors," Hankins said. "She always said she learned more from them than she taught them."

Most recently, she served as the chairperson for the Ventura County Area Agency on Aging’s Advisory Council and the Ventura Council for Seniors and was a member of Select Committee on Aging for former state Sen. Hannah-Beth Jackson.
A believer in lifelong learning, Hankins said she ended every class standing next to the door to give a hug and a kiss to every person walking out.

"She understood that these people had important lives and families," said Marie Lakin, a longtime friend of Montgomery's. "She was determined to not let them feel forgotten."

The two met when they both served on the Ventura Education Partnership Board, brought together over a shared love of community and volunteerism. They continued to bond at a weekly coffee group organized by Montgomery at Palermo in downtown Ventura.

"She knew everybody," Lakin said. "She was just this vibrant soul that shot through the sky and shined light on everyone."

In 2017, Montgomery was recognized by Jackson as one of her Women of the Year for her work with senior citizens. In recent years, Montgomery worked to advocate for a mental health facility to be funded by the county.

In addition to her husband, Montgomery is survived by her two children, Lisa and Stephen, as well as several grandchildren and great-grandchildren.

Fillmore Councilwoman Ari Larson unexpectedly died Friday morning, officials said.

"We are all in shock and devastated," Austin said. "She was loved throughout the community and we will miss her dearly. Ari impacted so many citizens' lives in a positive manner."

In case you missed it: Social media use restricted for Fillmore council, commissioners

The Ventura County Sheriff's Department announced the death on their Twitter account around 11 a.m.

The Ventura County Sheriff's Department announced the death on their Twitter account around 11 a.m.

Larson was elected to the City Council in November 2020 and was active in a variety of community organizations, officials said.

Her last Facebook post at 11:45 p.m. Thursday asked community members to "keep Fillmore beautiful by participating in one, two or all three of these events! Please feel free to share!" The post listed upcoming community cleanup efforts.

Ernie Villegas, former Fillmore mayor and current special project manager, said he'd never met someone like Larson who was so dedicated to helping others and being part of community organizations in a leadership role.

"She was very humble and had a quiet sense of humor about her," he said.

Villegas said he worked with Larson on the board of directors for the Boys & Girls Club of Santa Clara Valley and the Heritage Valley Tourism Bureau.

"She had a sense of purpose," Villegas said.

Villegas said years ago he told Larson she would be a councilperson.

"She said, 'Oh no, I can't do that,'" Villegas recalled. "As she started to develop and gain confidence, she felt she could make a difference in the community."

City Manager David Rowlands said Larson attended every event in the community and was always volunteering to help people.

"She's all-around just a wonderful person," Rowlands said. "She's always positive. No matter what the situation was, she would always look to find the middle ground if there were two different opinions."

Rowlands said he was shocked when he found out Larson had died. After hearing the news, he asked council members to call him so he could share the information with them personally. He also informed city department heads.

"Everybody remembered her as a great person," Rowlands said.

Larson won the 2019 Citizen of the Year award in Fillmore. She belonged to many organizations including the Rotary Club of Fillmore and the Soroptimist International Camino Real Region District 1.

A statement from Soroptimist International, a nonprofit charity, described Larson as an amazing role model and leader for the Soroptimist community, someone whose smile and calm demeanor will be missed.

"We are devastated and there are no words to express the loss we feel at this time," the group's statement said, adding members would help support Larson's husband, Pete, and her family.
"She touched many of our lives in one way or another with her grace and charm," the group wrote. "Ari was a great listener and very compassionate when she delivered answers to the many questions we had for her."

The future of Larson's seat will be the topic of a City Council discussion on Oct. 12, said Assistant City Manager Erika Herrera-Terriquez.

No details were immediately available Friday about a memorial service, officials said.

Subject: Consider Adoption of a Resolution Authorizing Remote Teleconference Meetings of the Advisory Council for a 30-Day Period Pursuant to Government Code Section 54953, Subdivision (e), of the Ralph M. Brown Act

Recommendation:
It is recommended that your Board consider adoption of a resolution authorizing remote teleconference meetings of the Board for a 30-day period pursuant to Government Code Section 54953, Subdivision (e), of the Ralph M. Brown Act.

Discussion:
On September 16, 2021, Governor Gavin Newsom signed into law Assembly Bill 361 whereby local agencies may continue to use teleconferencing for public meetings of their legislative bodies during a proclaimed state of emergency. Assembly Bill 361 (AB 361) amends the provisions of the Ralph M. Brown Act regarding meetings of local government agencies and applies to all County boards, committees, and commissions that are subject to the Brown Act. Under the Brown Act, “teleconference” means a meeting of a legislative body where the members of the legislative body are participating in different locations, connected by electronic means, through either audio or video, or both. Prior to passage of AB 361, local legislative bodies were allowed to have fully teleconferenced, virtual remote meetings during the COVID-19 pandemic pursuant to the Governor’s Executive Orders. Under AB 361, local agencies may continue to use teleconferencing to meet virtually without a physical location if one of the following conditions in Government Code section 54953(e)(1) is satisfied:

(A) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.

(B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(C) The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B), that, as a result of the
In this context "state of emergency" means a state of emergency proclaimed pursuant to section 8625 of the California Emergency Services Act. This section only applies to the Governor's declaration of a state of emergency. AB 361 does not allow for remote meetings when the County has declared a local emergency, in the absence of a "state of emergency" as defined in the Government Code. A pandemic (epidemic) is a valid ground for declaration of a state of emergency by the Governor under Government Code sections 8625 and 8558.

On March 4, 2020 the Governor issued a Proclamation of State of Emergency in response to the COVID-19 pandemic. Dr. Robert Levin, Ventura County Health Officer (Dr. Levin), issued a recommendation regarding social distancing and continued remote meetings of legislative bodies on September 21, 2021. A copy of Dr. Levin's recommendation is attached as exhibit 2. Therefore, condition (A) listed above is satisfied consistent with Government Code section 54953, subdivision (e)(1)(A), and legislative bodies may continue to meet virtually pursuant to AB 361.

If a state of emergency remains active and state or local officials have imposed or recommended measures to promote social distancing, the legislative body must reconsider the circumstances of the state of emergency and make any of the following findings by majority vote every 30 days to continue to meet remotely under Government Code section 54953, subdivision (e)(3):

1. The state of emergency continues to directly impact the ability of the members to meet safely in person.
2. State or local officials continue to impose or recommend measures to promote social distancing.

Pursuant to the changes in the Brown Act enacted with the passing of AB 361, it is recommended that your Board consider the attached resolution and findings (exhibit 1) authorizing continued remote teleconference meetings of the Board for the next thirty days since both the Governor's Proclamation of State of Emergency and Dr. Levin's recommendation remain in place.

Re: Recommendation regarding Social Distancing and Continued Remote Meetings of Legislative Bodies

I strongly recommend that physical/social distancing measures continue to be practiced throughout our Ventura County communities to minimize the spread of COVID-19, including at meetings of the Board of Supervisors and meetings of other legislative bodies of the County of Ventura.

California Department of Public Health (“CDPH”) and the federal Centers for Disease Control and Prevention (“CDC”) caution that the Delta variant of COVID-19, currently the dominant strain of COVID-19 in the country, is more transmissible than prior variants of the virus, may cause more severe illness, and that even fully vaccinated individuals can spread the virus to others resulting in rapid and alarming rates of COVID-19 cases and hospitalizations ([https://www.cdc.gov/coronavirus/2019-ncov/variants/delta-variant.html](https://www.cdc.gov/coronavirus/2019-ncov/variants/delta-variant.html)). Additionally, the CDC has established a “Community Transmission” metric with 4 tiers designed to reflect a community’s COVID-19 case rate and percent positivity. Ventura County currently has a Community Transmission metric of “high” which is the most serious of the tiers.

Whether vaccinated or not, positive individuals are contracting the Delta variant and infecting others in our communities. Social distancing and masking are crucial mitigation measures to prevent the disease’s spread. Remote meetings of legislative bodies of the County, including but not limited to the Board of Supervisors, are a recommended form of social distancing that allows for the participation of the community, staff, presenters, and legislative body members in a safe environment, with no risk of contagion. It is recommended that legislative bodies of the County continue to implement 100% remote meetings.

If you have any questions regarding this recommendation, please do not hesitate to contact me.
